PROFESSIONAL SUMMARY

I am a fullstack developer with over 7 years of experience building SaaS platforms, API services, and full-featured web apps using modern technologies such as **Laravel**, **Next.js**, **NestJS**, and **Supabase**. Specialized in fast MVP delivery, clean RESTful APIs, and scalable backend systems. Comfortable working independently or collaboratively within agile teams.

WORK EXPERIENCE

Fullstack Developer – Skyshi Digital Indonesia

March 2025 – June 2025 (Remote)

Tech Stack: Slim Framework, Next.js, NestJS, Express, MySQL, Tailwind CSS.
